# A stunning kitchen you'll enjoy for years

Here's how to transform your kitchen in 3 steps:

## Step 1: Consultation

An initial conversation to see where you are at and how we can help. Then we'll arrange a home visit to measure-up and survey services.

- Advice & guidance on anything kitchen related
- Arrange design services or review your existing design
- Site survey for accurate measurements and review of existing services

## Step 2: Quotation

You'll get a thorough breakdown of costs covering everything you need to complete your kitchen.

- Competitive installation fee
- Preparation costs as needed (electrics, gas, plumber, plasterer, tiler etc)
- Up to 3 quotes from kitchen suppliers, with Trade discount where appropriate

## Step 3: Installation

Once you've paid a deposit we'll book in the installation and organise all the moving parts to bring your kitchen to life.

- A day by day schedule provided in advance
- Removal and disposal of your old kitchen
- Construction of your new kitchen

### Previous Transformations

Workmanship guaranteed for 5 years, products guaranteed inline with manufacturer

# Dedicated To Detail

## Installing gorgeous kitchens for 20+ years

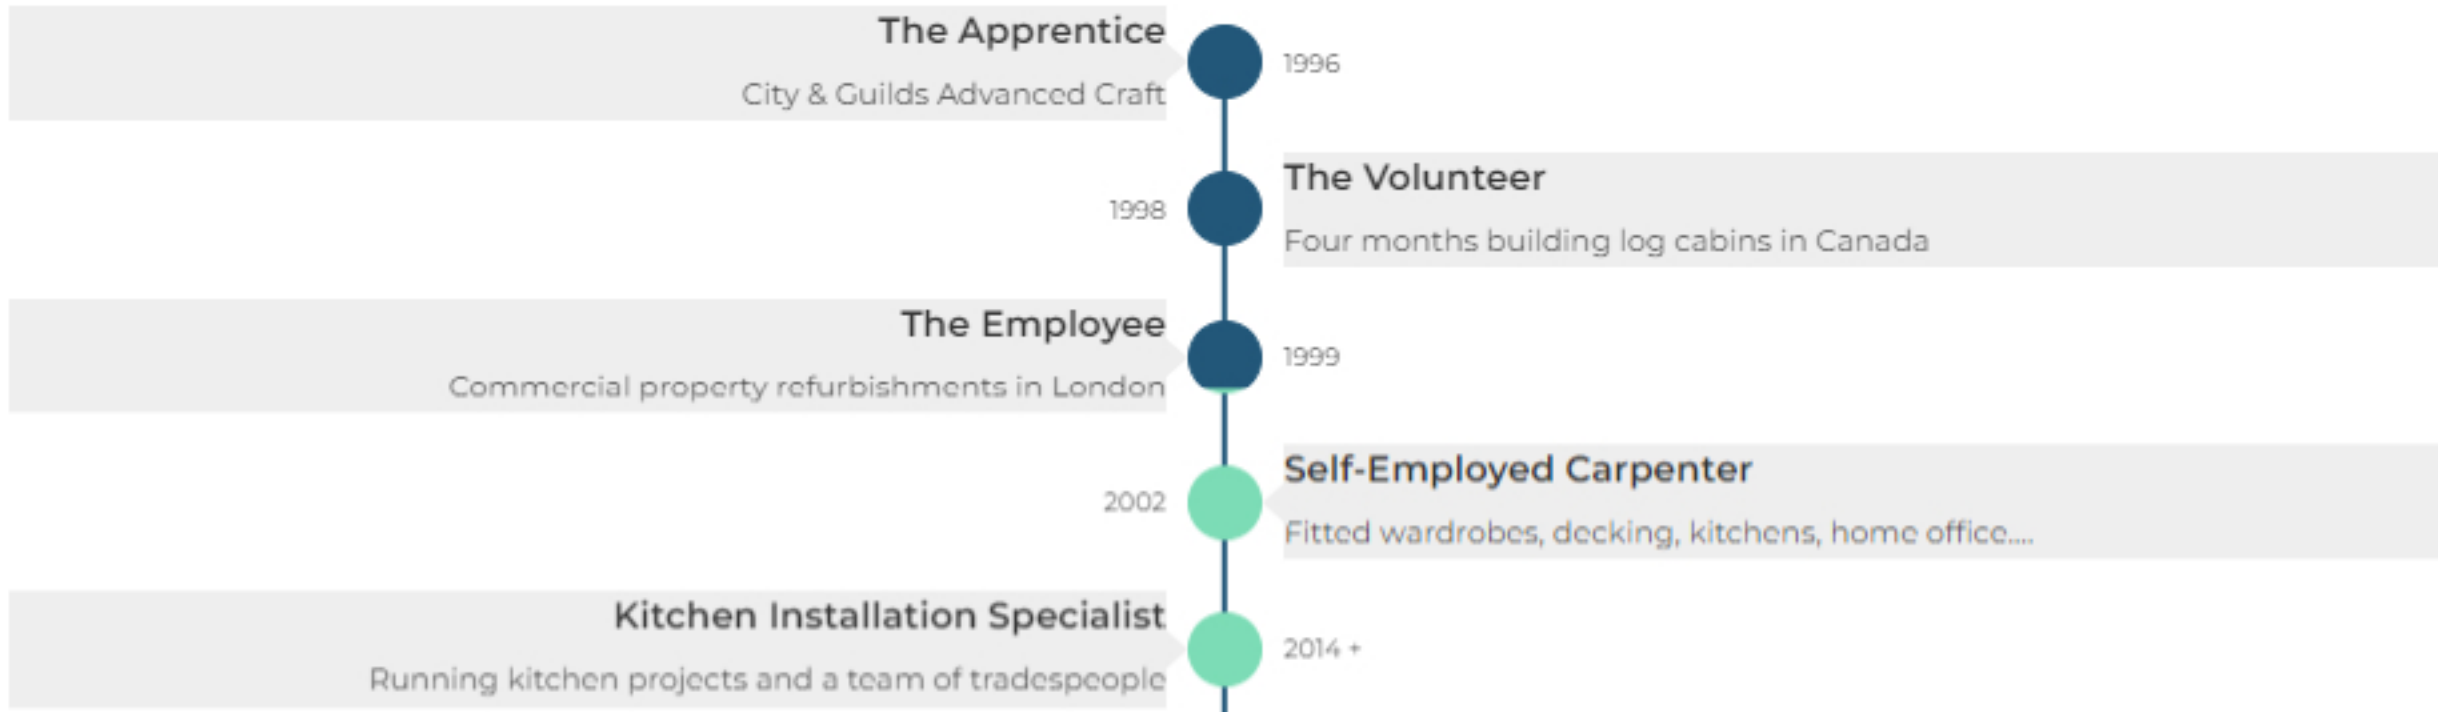

"Many homeowners struggle to find reliable and skilled kitchen installers.

With a Carpenters eye for detail and a long career in the trade, every kitchen is installed with precision and pride"

— Dale O'Connor, Business Founder

### A bit of background

Today I oversee every installation and am your point of contact throughout the project. Open communication with my team and clients are a priority to keep projects on track.

Everyone deserves a stress-free journey to a new kitchen. Its a significant investment in your home and you need a team you can rely on.

- Extensive Experience
- Refined Process
- Transparency

## Supporting Homeowners On Their New Kitchen Journey

Whatever stage you are at, we can help you move forward towards your dream kitchen:

**Browsing and Researching**

You're defining your needs, preferences, and budget. You research styles, materials, and appliances. Maybe you've sat with a kitchen designer or used online tools, to create a layout and design ideas.

HOW WE HELP:

- Obtain up to 3 quotes on your behalf, saving you time in 3 showrooms
- Review existing designs to ensure space and functionality are maximised
- Survey your existing services for any alterations needed
- Check your measurements

**Choosing and Buying**

Here you're confirming specific materials, styles, worktops, appliances, and fixtures. You're finalising the budget, placing orders and scheduling an installation date.

HOW WE HELP:

- Itemised competitive quote for installation, supply and any supplementary works required.
- Discounted quotes from Trade retailers (Wren, Howdens, Wickes)
- Scheduling of Tradespeople and sequencing tasks
- General support & guidance

**Finalising and Installing**

Finally you're ready for your kitchen installation. All the tradespeople are scheduled, the old kitchen is removed and your new kitchen comes to life along with finishing touches.

HOW WE HELP:

- Remove & dispose of your old kitchen
- Manage the schedule, to keep your project on track
- Oversee all the tradespeople
- Problem solve any unforeseen events
- Quality control ensuring all work is a high standard
